

*2026 DODGE*  
**CHARGER**

00:20:26

THE 2026 **DODGE CHARGER** IS THE **WORLD'S MOST POWERFUL  
ALL-WHEEL-DRIVE (AWD) PRODUCTION MUSCLE CAR.<sup>1</sup>**  
THE **DODGE CHARGER SCAT PACK** HAS **BEST-IN-CLASS HORSEPOWER.<sup>2</sup>**

\*All disclosures can be found on the last page.

***GAS-FUELLED***

# **MAYHEM**

Dodge Charger Scat Pack ushers in a new era with the SIXPACK—our first-ever 3.0L I6 Twin-Turbo High-Output (HO) engine. Tuned for maximum power and torque, its low-inertia, high-flow twin turbochargers spool up fast, delivering a peak boost of 31 psi. The result: up to 550 horsepower and 531 lb-ft of torque, making it the most powerful version of our award-winning Hurricane engine yet. Standard All-Wheel Drive (AWD) grips hard off the line, but when it's time to serve donuts, switch to 100 percent Rear-Wheel Drive (RWD) at the push of a button.

Dodge Charger Scat Pack 2-door shown in Peel Out.

**WORLD'S MOST POWERFUL  
PRODUCTION MUSCLE CAR<sup>1</sup>**

Dodge Charger Scat Pack 2-door shown in Peel Out.

# YOU DON'T JUST DRIVE IT— YOU *COMMAND* IT

The immersive interior has must-have tech and mandatory comforts, but it's the driver-focused cockpit—including a pistol-grip shifter, refined textures and race-inspired styling—that creates a visceral driving feel. Available Attitude Adjustment Lighting wraps the cockpit in a 270-degree glow and reacts to actions like engine start up or door opening. Choose from 64 colours to create the right mood.

With one-touch customization, quickly and easily activate key vehicle functions including Drive Modes, memory settings and Uconnect® features. Need to seamlessly switch from All-Wheel Drive (AWD) to Rear-Wheel Drive (RWD)? One-touch does that too.

Dodge Charger Scat Pack 2-door interior shown in Black with 16-inch digital instrument cluster and 12.3-inch touchscreen radio.

# WIDEBODY, *BIG ATTITUDE*

Charger Scat Pack doesn't just show up—it shows off. The standard widebody stance is a modern flex on a deep muscle car legacy that's sculpted for performance, speed and domination. The overall design amplifies the available staggered tire placement to create more grip where you need it, sharper handling up front and acceleration that pins you to the seat.

The Charger Scat Pack delivers powerful attitude through its signature muscle car stance. Its exterior design features a unique hood with performance bulge and heat extractor. A redesigned fascia with larger lower inlets and dual exhaust seals the deal.

FRATZOG DUAL STRIPES  
WITH RED ACCENTS

GLOSS BLACK-PAINTED HOOD

**MAKE IT  
MEAN**

Dodge Charger Daytona Scat Packs shown in Diamond Black with available Dual Fratzog Stripes and White Knuckle with available Gloss Black-painted hood.

Vehicles shown are for accent representation only. See your local retailer for vehicle availability.

# CHARGER R/T

AVAILABLE IN 2- AND 4-DOOR MODELS

## MECHANICAL/POWERTRAIN

- 3.0L SIXPACK Twin-Turbo Standard-Output (SO) Engine with 8-Speed Automatic Transmission

[1] Based on the latest competitive information available and horsepower. [2] Based on FCA US LLC Standard Full-Size Car Segment. Excludes other Charger trims and available competitive information. [3] All new Charger vehicles properly equipped to receive connected services come with three years of Connect Plus Package effective from the date of purchase or lease of a new vehicle. Enrolment in trial is required to receive services. Upon expiration of the trial period, purchase of a subscription is required to continue or renew services. Services are available on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. Review the applicable Terms of Service for complete terms and conditions, including service limitations and the Connected Vehicle Privacy Policy. [4] If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services. Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at [www.siriusxm.ca/terms](http://www.siriusxm.ca/terms) for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at [www.siriusxm.ca/privacy](http://www.siriusxm.ca/privacy). [5] Vehicle must be properly equipped with a Uconnect 5 NAV system. Requires a Wi-Fi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. [6] Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. To wirelessly use Android Auto on your car display, you need a compatible Android smartphone with an active data plan. You can check which smartphones are compatible at [g.co/androidauto/requirements](http://g.co/androidauto/requirements). [7] This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. [8] Vehicle must be enrolled with Dodge Connect, be in an active and usable cellular range, and have an active subscription. An SOS Customer Care agent directs emergency assistance to your vehicle's location. [9] Traffic Sign Recognition is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact the recognition and display of the sign. Always check traffic signs visually while driving. [10] Never program while driving. GPS mapping and 3D navigation may not be detailed, available in all areas or reflect current road regulations. [11] Vehicle must be enrolled with Dodge Connect, be in an active and usable cellular range, and have an active subscription. [12] Always check entire surroundings visually before proceeding. [13] Vehicle must be locked and system activated for alarm to sound. [14] Not compatible with all garage door openers. [15] Traffic Jam Assist requires the driver to keep his or her hands on the steering wheel at all times. This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. [16] Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. [17] Three-month/3GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully.
